Dear Dr. Yagdi,

We have received your facsimile of October 9, 1991 and understood from it that a hard work should be done during your forthcoming visit to Sakhalin. We didn't have enough time to familiarize all of the addressees with the contents of your facsimile, but we'll do our best to finalize this work before your arrival. Aeroflot and Tourist are ready to continue our work on the project in accordance with your plan. I called up to Mr. Nagorny and he confirmed that he would arrange for your tickets. We have arranged an additional flight from Khabarovsk to Sakhalin for your group on October 14, 24⁰⁰ local time. Mr. Pospelov is going to meet you in Khabarovsk. As for me, I must go for Sapporo, Japan, on October 12 and is to be back on October 20, in the morning. I'll do my best to promote regular services from Sakhalin to Japan and I think it will be beneficial for our project.

All of us are looking forward to meet you.

Yours sincerely,
